

Ashtons (Sheffield) Ltd. are a manufacturer of high quality point of sale packaging, promotional and presentation products. We operate from a modern, purpose built 31,500 square feet centre in Barnsley, South Yorkshire and are proud to serve customers throughout the world.

We are now looking to complement our existing team with the following job role.

Production Engineer/Planner

- Liaising with the sales division to determine customer requirements.
- Planning and communicate with the sales team how long each project will take to complete.
- Developing a production schedule detailing all tasks and when they should be completed by to meet predicted completion date.
- Monitoring project's progress to ensure it's following the schedule.
- Troubleshooting problems that occur during production, including staff shortages and machinery issues.
- Creating and running a maintenance schedule for machines to ensure minimum downtime.
- Managing continual improvement KPIs including costs downs, scrap reduction etc.
- Promoting Quality and H&S through all aspects of production.

The applicant should be friendly and professional. Smart appearance, well organised, able to work under pressure and be competent in the use of Microsoft Office programs and preferably ERP systems.

A back ground of mechanical engineering and production planning would be preferable.

Hours of business 8.30 - 5.00pm Monday to Friday

To apply please submit a covering letter and a copy of your most recent CV to the Technical Director.

Salary based upon experience.
